

Project Details: NAeG/14-15/00082

Project id -	NAeG/14-15/00082
Name of The Project	IFMS Haryana
Category of Award Applying for	Excellence in Government Process Re-engineering
Date of Launch	01-04-2013
	<p>After successful implementation of Online Budget Allocation, Monitoring and Analysis System in the State, the state government decided to reengineer the following processes In order to bring transparency, have better control on state finance, reduce efforts put in by state officials in finance related activities and facilitate citizen</p> <p>1.Online Preparation of budget . 2.Online Ways and Means Approval. 3.Online Bill Preparations 4.Online bill Passing with online budget verification 5.Online bill Payment through Electronic payment system 6.Online Generation of Challan for Manual Payment. 7.Online Verification of payments by Banks. 8.Online Facility to DDOs to view the status of the bill in the treasury and the voucher wise expenditure booked by the Treasury office and sub treasury office. In order to achieve the above objectives, the development and implementation of the subsystems such as E_Bill for online preparation of all sorts of bill, E_GRAS for online challan generation and tax deposition for state receipts, E_Pension for generation bill for all sorts of payments to the pensioners and Web_OTIS for online carrying out day to day operations such as bill passing and account preparations was envisaged. These systems were developed and integrated with each other fully and implementation started in April, 2013. The Brief summary of these sub systems is as under :_ E_Billing was started in the state in April 2013. DDOs can prepare all types of bills online and can send to treasury online. As the system has been integrated with Online Budget Allocation system, the bills are prepared only if the DDO has budget in the relevant scheme. The problem of wrong classification of schemes has also stopped with this system. So the chances of bills rejected in treasuries have reduced considerably. DDOs can check the status of bills on the e_billing portal. They dont have to go to treasury again and again. E_Pension was started in the state in the October, 2012 with an objective to bring all the pensioners under the purview of state treasuries for better monitoring of Pensioners liability as the banks were not able to give exact liability of pensioners and there were even cases of Overpayment in the banks and even the exact data of Pensioners was not provided to the State. E_Pension system facilitates to record complete data of the pensioners and able to disburse Monthly Pension, DA Arrears, Commutation, Gratuity, Pension Arrears, Death Gratuity, LTC , Recovery of Overpayment, Loans etc. to the pensioners in time. The web based Online Treasuries Information system was started from April, 2013 in all the treasuries of the state. Before that a client_server based distributed system was running in the treasuries. The new system is fully integrated with e_Billing, Online Budget Allocation system, e_Pension, e_GRAS and Ways & Means systems. Data from these system is available in OTIS and there is no need of any type of data entry in the treasuries. The payment is being done fully on the basis of Electronic Payment System (EPS) under which the money is credited directly in to the accounts of the payees who do not have to be at the mercy of the DDOs for getting their payments. Online Budget Allocation, Monitoring and Analysis System (OBAMAS) was the first application under IFMS that was conceived with an objective to monitor and control the day_to_day financial position of the state by restricting the departments to incur expenditure within the allocated budget by the Finance Department and that too within allowable Ways and Means position of the state. The system takes care of Budget Allocation / Revision /Releases / Re_Appropriation etc to Departments and to further at DDO level. e_GRAS was developed and integrated with IFMS in the year 2013 in order to facilitate the DDOs and other citizen a portal for online generation of challans and deposition of tax.</p> <p>1. Finance Department, Haryana 2. Treasury & Accounts department, Haryana 3. All the departments of Haryana 4. Accountant General, Haryana 5. All DDOs of Haryana 6. Citizens of Haryana 7. Bank dealing with treasuries.</p>
Summary/Objective of the project	
Beneficiary of the project	
Details of Project Head	
Name	Sh. Rajan Gupta
Designation	Additional Chief Secretary Finance
Gender	Male
Address	

	Room No 47 9th Floor
	Haryana Civil Secretariat Chandigarh
Pincode	160001
State	Chandigarh
Phone Number	1722741547
Mobile Number	9888518957
Email-ID	jsfinb@hry.nic.in
Details of team members, if any, other than Project Head:-	
Name(1st team member)	Sh. Ghanshyam Bansal
Designation(1st team member)	State Informatics Officer Haryana
Name(2nd team member)	Sh. Deepak Bansal
Designation(2nd team member)	Scientist F
Name(3rd team member)	Sh. R.K.Rathi
Designation(3rd team member)	Treasury Officer Panchkula
Name(4th team member)	Sh. M. K. Gupta
Designation(4th team member)	Treasury Officer Chandigarh
Name(5th team member)	Sh. Virender Trivedi
Designation(5th team member)	Scientist D
Name(6th team member)	Sh. Jagdish Lal Mehndiratta
Designation(6th team member)	Scientist C
Supporting documents:-	Award Specific Form Self Certification by the Project Head
